Wooden Picture Frame Mouldings

Manufacturer: EC Moulding (Malaysia)

EC Moulding (E-Wood) is one of the most important manufacturers of picture framing mouldings in South-East Asia.

In the factory in Malaysia they employ over 400 people. Each month they produce over 1.4 million meters of picture frame mouldings. The main export countries are the USA, Canada and Australia.

In 2008 they started a joint-venture with Cami in Belgium to setup a European distribution centre, named EC Mouldings. From our warehouse in Belgium, we ship all orders within 48 hours – to all corners of Europe.
